\* For the identification of certain materials and treatments a surcharge of \$100 may be applied for additional testing.

## Clarity Enhancement Cleaning Process

Fissures in gemstones are routinely filled to reduce their visibility. If a client decides to try and remove this treatment, there will a \$100 charge every time the stone has to be examined to reconsider the condition of the fissures.

## Recheck Service

The fee for reconsideration of the final result on an AGL report is 25% of the original service. No fee will be charged if the result changes.

All shipping costs are the responsibility of the client.

## Additional Services

### Jewelry Items

Prestige Reports are available for gemstones set in jewelry. These reports highlight jewelry articles such as rings, bracelets, necklaces or entire suites. Pricing is dependent upon the number and size of stones as well as the service requested.

### Appendix Letter

Gemstones and jewelry items which meet various rarity parameters as determined by AGL, may also receive an Appendix Letter. This letter highlights the particular attributes that contribute to the item's rarity and is accompanied by a beautiful high resolution photograph of the item. Pricing starts at \$1500 for loose gems and \$1850 for jewelry items.

### JewelFolio™

For important gemstones and jewelry items, AGL offers the industry's most prestigious product: The JewelFolio™. Each JewelFolio™ is individually tailored and beautifully illustrated. Pricing starts at \$3500.

### Rush Service

A 72 hour rush service is available on Prestige Reports, at the discretion of AGL, for twice the normal fee.
